# A Happy World

Environmental Studies

5

**A Happy World** is a set of five books for Classes 1-5. The series follows the guidelines of **NEP 2020** and focuses on **holistic development** and **twenty-first-century skills**. The series thus encourages learners to explore and learn from their immediate surroundings by using examples that relate to everyday life.

#### Salient Features

- **Get set, go!** has warm-up activities to stimulate the curiosity of the learners.
- **Discuss in class** helps to develop collaborative learning through guided interaction.
- **Think and answer** develops higher order skills of critical thinking and problem-solving.
- **Projects, Activities** and **Fun to Do** encourage experiential learning and creative skills.
- **Life Skills** and **A Value for Me** aim to stimulate thinking, foster values and a sense of social responsibility.
- **New Words** and **In a Nutshell** help to serve as learning checkpoints.
- **Revision Worksheets** aid in recapitulation and assessment.
